

10Ah PORTABLE POWER BANKS

High Power Li-Polymer Battery

Accessories

- 5V/2A AC USB adapter
(Varied pins depends on countries)
- USB-mini charging cable
- Clam shell or color box package

Application

iPod

i-Phone

Bluetooth

PSP

MP4

DSC

PDA

Safe, Efficient, Eco-Friendly Designs,
trustable Taiwan-made cells

Features

- High power capacity available for 8,000/ 10,000mAh polymer cells inside.
- Advanced Lithium Polymer Technology for slim, light-weight, extended and safer power.
- Three-level battery status LED indicator; one charging status LED indicator.
- Dual USB ports allowing two devices charging/discharging simultaneously for time saving
- The only one model can supply tablet PC power almost 2 times fully charged
- Applicable to smart phone, i-phone, ipad, camera, game machine, MP3/MP4 etc.
- Good battery management system for protection: over-charging/discharging, over-current, short-circuit

Specifications

- Input: DC 5V/2000mA AC to DC adapter
- Charging Current: 400±50mA
- Charging time: 2.1A USB port for 4~5hrs
- Operation temp: 0~45°c
- Output: 5V/3A via dual USB ports
- Dimension: L171.5*W107*T13.8mm
- LED indicator: 3-level battery status indicator (blue light) and one charging status indicator(red light)
- Weight: 325g
